To Whom It May Concern

Re: Substances of Very High Concern (SVHC) as designated by the European Chemicals Agency (ECHA)

Dear Sir:

This information is provided with respect to Substances of Very High Concern (SVHC) as designated by the European Chemicals Agency (ECHA). If and when any such SVHC are determined to be present in our products above the threshold concentration limit of 0.1% (1000 ppm), we, Interface Solutions, Inc. (ISI), notify customers.

Gasket Materials: All gaskets in the Syntheseal, ThermoTork, ProFormance, Micro-Pore, Accopac, Hydro-Fused, Standard Grade Products, and Cylinder Head Facings product lines do not contain any published SVHC above the concentration limit of 0.1%, including the added candidates on the SVHC list updated by the ECHA on December 19, 2012.

Electrical Materials: Voltoid products do not contain any published SVHC above the concentration limit of 0.1%, including the added candidates on the SVHC list updated by the ECHA on December 19, 2012.

Thermal Materials: Certain thermal products contain substances included on the December 19, 2012, published SVHC list above the concentration threshold of 0.1% (1,000 ppm). These products are:

- 1401 – Vitreous Aluminosilicate Fiber – CAS 142844-00-6
- T822 - Vitreous Aluminosilicate Fiber – CAS 142844-00-6
- T830 - Vitreous Aluminosilicate Fiber – CAS 142844-00-6

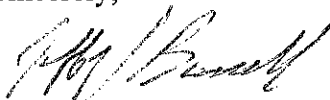

All other thermal products do not contain any published SVHC above the concentration limit of 0.1%, including the added candidates on the SVHC list updated by the ECHA on December 19, 2012.

This information is based on our knowledge of ISI's products and processes and information provided by the suppliers of the materials incorporated into ISI's products. This is for informational purposes only and is not a warranty or qualification specification.

As a world-class manufacturer with long-established cooperative partnerships with customers in an array of worldwide markets, we are committed to comply with applicable regulations issued by the USA, the EU, and other countries where our products will be sold.

We trust this information is satisfactory to your needs. Should you have any questions, please feel free to contact me.

Sincerely,

Jeffery L. Barrall
